CCTV & Security Specialists

Assista Infocomm & Security Pte Ltd are security specialists who can offer CCTV System solutions for a wide range of customers across different industry groups such as:

Retail
Office
Education
Factory
Entertainment
Hotel
Home

Our CCTV System Services

Security Consultation
Professional CCTV System Installation
Professional CCTV Cabling Works
CCTV Remote Viewing System Setup & Maintenance
Security, IT & Telecommunications Systems Integration
Import & Export
Product Development

We are capable of Professional CCTV installation & maintenance for:

- 1) Multi-storey or single-storey buildings
- 2) Shops
- 3) Offices
- 4) Homes
- 5) Factories
- 6) Multi-site monitoring system

Our professional cabling services include and are not limited to:

- 1) Wall or Partition Concealed Cabling
- 2) Hacking, drilling & piping works
- 3) Surface cabling
- 4) Outdoor & indoor cabling works

Whether your premise has already been renovated or is undergoing renovation, we can plan together with you or your renovation contractor on how to minimize the exposed cabling.

Besides cabling, we could also help in site survey, security solutions consultation, IT infrastructure planning for integration with CCTV Systems and other recommendations for security, IT & Telecommunications solutions.

If you're keen to try us first for a small scale deployment, [click on this link to find out more on the limited monthly CCTV promotion packages](#). Do note that for such CCTV promotion packages, terms and conditions apply
